VANTAGE N430

Club sport. Free spirit.

V8 Vantage’s muscular beauty, spirited dynamics and stirring engine have earned its status as a truly iconic sportscar. Inspired by Aston Martin’s rich racing pedigree, N430 is the most dramatic expression of V8 Vantage we have ever created. It follows the highly acclaimed N400 and N420 models and builds upon their legacy. Intense, exciting, compelling – N430 has been created to deliver exceptional performance with a club sport ethos.
The tortuous Nürburgring Nordschleife is the ultimate proving ground and the gruelling annual 24-hour race held there is the most human test of any racing car. That is why Aston Martin has been competing and developing our road cars at this most testing of venues for a decade. In the last four years alone, the V8 Vantage GT4 racer has delivered two ‘SP10’ class wins and an enviable reputation for its speed and endurance.

At the pinnacle of GT racing our V8 Vantage GTE has also enjoyed great success in the highly competitive World Endurance Championship.

N430, available as a Coupe or Roadster, takes the GT4 car’s incredible intensity and excitement and transfers it onto the road with thrilling conviction. Forged in the heat of competition to provide unrivalled dynamism on the road, N430 has racing pedigree at its very core.
ULTIMATELY REWARDING

Gregarious, exciting and with the authentic responses of a race car, N430 makes any journey an event to savour. It is extremely involving - from the feedback playing back through the steering to the instant response of the 4.7-litre V8 engine. N430 is the very essence of a sports car and feels special in any environment. The thrill of having a race winner at your fingertips will never fade.

ENGINE
At the heart of N430 is a magnificent 430 bhp (436 PS) 4.7-litre V8 that provides instant response, searing performance and an unforgettable howl that defines its sense of purpose. With dry-sump lubrication ensuring reliability even in the face of extreme cornering and running in extreme conditions, its racing roots are tangible.

TRANSMISSION
Purists will appreciate the ultimate involvement of N430’s six-speed manual gearbox. For those looking to capture the motorsport thrill, our paddle-operated seven-speed ‘Sportshift II’ automated manual gearbox with a short final drive – maximising acceleration – is available as an option.

CONTROL AND ACILITY
Built around a stiff aluminium structure and employing advanced materials such as magnesium and composites to reduce weight, N430 has inherent athleticism and responsiveness. Compact dimensions, perfect weight distribution, competition-derived brakes, quick-ratio steering, sports suspension and sophisticated stability control systems ensure startling agility coupled with supreme confidence.

REDUCED WEIGHT, IMPROVED RESPONSE
Lightweight, race-inspired features as standard – including Carbon-Fibre and Kevlar® seats and 10-spoke forged alloy wheels in a unique graphite finish – contribute to a 20kg weight saving compared to V8 Vantage.

EXCEPTIONAL PERFORMANCE
Styled to evoke the drama and intensity of the racetrack, N430 celebrates Aston Martin’s sporting heritage with a playful twist. The audacious Clubsport Graphics Pack* is unique to N430 and inspired by the GT4 cars that have enjoyed so much success at the Nürburgring. Bold use of accent colours for the grille surround, mirror caps, rear diffuser blade and, on the Coupe, the sweep of the roofline provides an unmistakable flavour of the spectacle of endurance racing. A range of sporting brake caliper colours offers the opportunity to add further flair. Purposeful, dark finishes adorn the iconic exterior elements of V8 Vantage N430 – such as the front grille and side-window surround. These, in combination with the lightweight graphite grey forged alloy wheels inspired by our race cars and the stunning CC100 concept, balance the bold livery and complete the striking aesthetic.

N430’s strong, motorsport-infused character is underscored with typical Aston Martin craftsmanship that results from our persistent focus on authentic materials and hand-crafted quality. Confident, playful and inspired by success, N430 is simply unmissable.

* Standard in US, options in all other markets
LEAVING AN IMPRESSION

N430 spits the pith and raises a smile before it even turns a wheel thanks to a driving environment that mixes dynamic design, race-bred materials and an infectious character. Lightweight and tactile Carbon-Fibre, Alcantara® and magnesium are skilfully blended with soft leather and Piano Black trim to create a focussed sporting ambience. Contrast stitching and bespoke N430 embroidered seat logos add a twist of playfulness. Even the optional Bang & Olufsen 3000W audio system, which offers stunning clarity and an incredible sense of realism thanks to Acoustic Lens Technology, features signature accents that complement the interior theme.
Whilst N430 is bred from the rigours of GT4 endurance racing it remains a car to be enjoyed every day – whether just for the sheer thrill of a drive on your favourite road, or to meet up with like-minded friends. N430 continues a trend started by the N400 and N420 special editions and is a great way into the Aston Martin family and to embark on new friendships and adventures that you will remember for years to come. N430 is so captivating that you will want to share the experience.

A LIFE LESS ORDINARY
**BESPOKE N430 LIVERIES**

**RACE**

Unmistakably Aston Martin, striking Alloro Green with yellow accents captures 100 years of Aston Martin racing success at a single glance and echoes the livery on the stunning CC100 concept.

**BESPOKE N430 LIVERIES**

Further enhance and personalise N430 with our wide range of bespoke interior and exterior options.
ACCESSORIES

N430 is a true individual and its thrilling personality can be enhanced still further with our range of exquisite accessories.

A. CARBON-FIBRE PARCEL SHELF
Exclusive Q by Aston Martin Accessory. High quality Carbon-fibre with a satin lacquer finish and exceptional strength and rigidity. An aerospace-grade core maximises weight reduction for improved performance, while an exposed Carbon-fibre® hinge delivers unbeatable lightness and durability. Demonstrating our commitment to detail, the Carbon-fibre parcel shelf has been acoustically tuned to further enrich the sound from the N430's sports exhaust.

B. N430 LUGGAGE
Exclusively designed by Aston Martin, the N430 luggage range includes small, medium and large holdalls handmade in England by skilled craftsmen. Available in Obsidian Black or Argento Grey full-grain leather with a choice of accent colour (Yellow, Black, Silver or Red) to complement the interior theme of your N430.

C. INDOOR CAR COVERS
A tailored indoor car cover featuring the N430 logo and available in a choice of cotton with contrasting piping complementing the exterior leathers offered on N430 (Green & Yellow, Black & Grey, Silver & White, Dark Blue & Red or White & Red). The soft cotton mix with protector sheet lining is fully breathable – allowing moisture to evaporate. It is yarn dyed to prevent fading and is fully washable. Supplied with an individual storage bag.

D. CARBON WHEEL CENTRE CAPS
Exclusive Q by Aston Martin Accessory. Enhance the sporting appearance of your N430 with these technical and exquisitely-crafted Carbon-Fibre wheel centre caps.

E. ALCANTARA® GEAR KNOB
Our Alcantara® gear knob provides improved grip and superior feel to enhance your driving experience and connection with the car. It is the perfect partner to the Alcantara® steering wheel, available as standard on the N430 Coupé.

F. BOOT MATS
Premium boot mats featuring embroidered Aston Martin wings and leather-bound edges.

G. CARBON-FIBRE EXHAUST TIPS
Using technology derived from the development of the Aston Martin One-77 hypercar, these striking Carbon-fibre exhaust tips are Zircotec plasma-coated for optimum heat management.

H. N430 ECU POUCHES
High quality leather pouches for keeping and protecting your glass ECU. Available in a special range of colour combinations to match the exterior of your N430.

I. TOURING PACK
Packaged in an Obsidian Black leather case, the touring pack features an invaluable in-car kit, consisting of: emergency phone, LED torch (re-chargeable in-car using 12V socket), warning triangle, two high-visibility jackets.

J. FLOOR MATS
Premium, durable and easy to clean soft-pile carpet overmats edged in high quality leather hide and with a bold-stitch non-slip backing. The rear overmats feature embroidered Aston Martin wings set into the leather edging.
SPECIFICATION

Body
- Two-seat, two-door Coupe or soft-top convertible
- Top body style: Carbon-Fibre
- Optional exterior: Virtual body colour
- Carbon-Fibre bonnet
- Rear spoiler

Transmission
- Front mid-mounted, six-speed manual transmission with Carbon-Fibre gearshift surround
- Carbon-Fibre propeller shaft
- Manual shift paddles

Brakes
- Front: Ventilated and cross-drilled discs, 350 mm diameter with six piston monobloc calipers
- Rear: Solid discs, 296 mm diameter with four piston monobloc calipers

Suspension
- Front: Independent double wishbones with anti-roll bar and coil springs, anti-roll bar end links, coil springs and monotube dampers
- Rear: Independent double wishbones with anti-roll bar and coil springs, coil springs, anti-roll bar and monotube dampers

Performance
- 0-100 km/h in 4.8 seconds
- 0-60 mph in 4.6 seconds
- Max torque: 490 Nm
- Max power: 321 kW
- Fully catalysed, stainless steel exhaust system
- Front mid-mounted engine, all-alloy, quad overhead camshaft, LED rear lamps
- Aluminium, magnesium extruded bonded construction
- Two-seat, two-door Coupe

SPECIFICATION

- 166 kW (228 bhp) at 7300 rpm

Updates
Aston Martin Lagonda Limited is constantly seeking ways to improve the specification, design and production of its cars and allocations take place accordingly. Every effort is made to produce up-to-date literature about our evolving products, but this brochure should not be regarded as a guide to any currently available products, options, accessories or specifications, nor does it constitute any offer for sale of any particular car, product, option, accessories or combination of the same.

This brochure is merely an indication of the kinds of Aston Martin products and services which may be available from time to time.

The contents of this brochure represent Aston Martin Lagonda Limited’s business as a whole. Text and photographs in this brochure may relate to specifications, options, accessories and/or services that are not available for sale in some countries or which have been superseded or are otherwise no longer available. Images shown may not be reflective of the final car.

Performance results
Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given expressed or implied of performance results, fuel consumption or CO2 emissions. Aston Martin Lagonda Limited strongly urges that all speed limits be observed and that safety belts be worn at all times.

The weight of the car will influence the level of CO2 emitted and as a result, cars with higher levels of specification and factory-fit options may emit higher levels of CO2. However, Vehicle Excise Duty is charged according to the weight of and CO2 emissions of the standard car, as published in this brochure.

All petrol engines are fitted with a catalytic converter.
